sale women's suits

It has been sagely said that "There are none so blind as those who won't see." Every day we observe this great truth illustrated in the lives and actions of those around us. "To err is human," but true judgment lies in not making the same mistake twice.

As a rule women are good buyers—we'll see if they take advantage of this sale.

A manufacturer wished to close out his samples—we took advantage of his offer and a purchase of a great many Stylish Fall Suits is the result of this deal.

These suits hint at all sorts of pretty new tailored effects—tight fitting, semi-fitted Princee Chap coats, single and double breasted. A wide range of materials—plain broadcloths, serges, worsteds—so women should have no trouble in finding suits to meet their ideas of perfect dress in this essemblage of sample suits. Don't be blind to the wisdom of wearing anything not especially created by your particular garment cutter—use your good judgment and observe whether or not this sale is worthy.

All sample suits \$18.75

MIX UP

In Names of Colored Boys Caused by Erroneous Information Given to the Telegram.

There was a mix-up in the names of the three little colored lads suspected of robbing the cash till of L. M. Patton & Company's store in the West End published in the Telegram yesterday owing to slightly erroneous information given to the Telegram. The names published were Jim Curry, George Jackson and Albert Clark. Mrs. Jennie Jackson, mother of little George Jackson, says her boy was not one of the three, but that another boy by the name of Charles Jackson was one of them and that the other boys with him were Arthur Jones and Albert Clark. The names were corroborated to the Telegram over the telephone yesterday but there must have been a misunderstanding of some sort. The correction is here made as the Telegram did not publish the wrong names intentionally.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

How are You on Baking Bread?

Of course you'll say you have to have good flour to make good bread. That's it. Everybody has to have good flour to make good bread.

But you don't always get it, do you? Not even when you order the same brand. Here's a pointer: Buy

Dewey's Best Flour

Every sack is just like every other sack. It's uniform and it's light and white. It has no superior for bread, biscuit, pastry, etc. That's what they all say. If you try it, you'll have the proof.

Dewey's best flour is made of A No. 1 winter wheat, ground by the most approved process. All light grains and impurities are removed by air currents.

The test of the pudding is in the eating. Order a sack from your dealer and try a baking. You can return the unused part of the sack if you don't like it. The dealer will not charge you for it. We back him in this. Send us his name if he does not have it. We'll see you supplied.
